FORTEPIANOS

PAUL McNULTY is the most highly respected builder working today. He has built more than 250 fortepianos after Stein, Walter, Hofmann, Fritz, Graf, Pleyel, Boisselot and Streicher, which feature in many recordings and are owned by prominent players and leading music institutions such as Nikolaus Harnoncourt, Paul Badura-Skoda, Ronald Brautigam, Warsaw Chopin Institute, Klassik Stiftung Weimar and Glyndebourne Festival. Paul McNulty's recent accomplishment is a copy of "Chopin's Warsaw piano" Buchholtz 1826, the first in modern times.
